- e) Discussion in regards to Reid Field: Lou Moser of ACS will be making a capital investment in a soil conditioning amendment. The aggregate is engineered to absorb water and then slowly release it into the sub-soil. Mid-August after the summer season is done and ahead of fall ball would be the best time to apply it. Lou Moser informed us that delivery is expected 8/3 to the DPW garage and stored on 3 wrapped pallets in the garage yard until application can be done. Lou is hoping to get a crew together for a Friday afternoon (8/13) to spread.
- f) Discuss status of Tennis Courts at Russell Field, can the Courts be opened before the rest of the field?
- g) Discussion to adjust the Tennis Court nets for Pickle Ball
- h) Discussion on a new shed for Beaver Bard Park at Valley Field. Currently too small. Discuss cost and who can pay for it. Can the cost be split? Steve Skrocki to comment.
