

DOWNTOWN ADAMS LOCAL RAPID RECOVERY PLAN PUBLIC MEETING

WE WANT YOUR INPUT

Adams is participating in the Massachusetts LRRP Program to help communities develop Local Rapid Recovery Plans for targeted downtowns and commercial districts.

Over the last two months, a survey was conducted of local businesses to understand how COVID-19 has impacted them and gathered their thoughts on what is working and what needs improvements downtown.

In addition, site visits have been conducted to assess the physical environment, business environment, and administrative capacity of the downtown area.

Come learn about what the results are telling us and let us know your ideas on what projects could be undertaken to help Downtown Adams rapidly recover from the pandemic.
