The Adams Fire District contracted with Municipal Resources, Inc. (MRI) to provide an organizational assessment and review of the manner in which fire and rescue services are provided within the community. This resulted in MRI developing a number of recommendations for improvement that take into consideration the current and future needs of the Adams Fire District Fire Department.

MRI also provided a strategic plan that will prioritize and pace the implementation of the recommendations that were contained within the organizational assessment.

Please attend the **remote meeting** to hear the important recommendations of the assessment. Changes to the Fire Department may be necessary and the Prudential Committee wants to keep District voters and rate payers informed of the future needs of the Fire Department, along with the impact the changes may have on the financial situation of the Adams Fire District.

Questions will be allowed at the end of the presentation.
