

Candle making workshop: Spring Fragrances

Tuesday, April 11th at 6:30 pm / Lower Annex, Adams Free Library

Learn how to create fragrant candles with artist and potter Gariné Arakelian. This Kulina Folk Art workshop is fun, relaxing and free!

Each participant will make one container candle using soy wax and choosing from a variety of seasonally inspired fragrance oils. Once the wax has cooled undisturbed for approximately 24 hours, the participants will take their candle home and may burn them after a 2-week curing period.

Participants will learn about types of candles and which waxes are best suited for which type of candle, wick sizes, heat resistant containers and their sizes, the difference between essential oils and fragrance oils and complete instructions on how to burn a candle.

This hour-long event is intended for participants ages 18 and up. Seating may fill quickly, so call 413-743-8345 to register for this free class.
