

Setting Goals for Your Land

A Virtual Workshop for Woodland Owners

Thursday, March 7, 2024

Noon – 1:15 p.m.

Join us for a virtual discussion with landowners and land managers to learn about options for caring for your land now and into the future. Identify ways to steward your land that reflect your needs, values and interests. Speakers will share resources, contacts and guidance for setting priorities to support your land stewardship plans. Leave with inspiration about how to get started or take the next step on your ownership journey!
